1. POLICY STATEMENT

- 1.1 The Clinical Commissioning Group (CCG) has the right and responsibility to establish its' requirements in standards of work to be achieved by its employees, so long as these are realistic and clearly defined. In order to fulfil this responsibility the CCG will ensure that individual employees' work is monitored fairly.
- 1.2 The CCG is committed to valuing all of its employees and will encourage them, through guidance, training and development, to perform in their role on a consistent basis. Where there is an identified failure in performance, the CCG will, as part of the process of encouragement and support, discuss with the employee the reasons giving rise to that situation. Formal action in line with the principles and procedure outlined below may follow if the employee fails to meet the agreed performance levels.

2. SCOPE

- 2.1 This policy applies to all individuals within the CCG who are directly employed by the CCG.

3. PRINCIPLES & RESPONSIBILITIES

- 3.1 During employment adequate training and encouragement are essential to help achieve satisfactory performance. This will mean that regular discussions about performance will take place between staff and their managers. During these discussions managers will ensure that staff are clear on the performance expected of them and will coach and develop staff to achieve their objectives. This could involve setting performance or behavioural targets for staff in an attempt to encourage improvements, without the recourse to formal procedures.

Equally, employees themselves have a commitment to their individual performance and to recognising their role in the overall performance of their team and the wider organisation. Employees must demonstrate that they are committed to achieving and maintaining the performance standards defined for them.

- 3.2 Where the performance of an employee is affected by a disability, as defined in accordance with the Equality Act 2010, reasonable adjustments will be considered in any aspect of work arrangements to support the employee in their performance at work. Advice should be sought from occupational health and a workforce representative in relation to reasonable adjustments that may be required. Where appropriate reference should also be made the CCG's policies relating to Health.
- 3.3 Managers with responsibilities for performance management will be able to access training and advice to help them understand their role and manage performance effectively. This will include information on the objectives of performance management and how this process will operate.
- 3.4 This procedure will be implemented where the manager considers that an employee is failing to achieve and maintain defined standards of work. Concerns should be dealt with at the lowest possible level and wherever possible using the informal stages of the procedure. When informal action has been exhausted or is not considered sufficient then the formal stages of the procedure may be used. Issues regarding misconduct and ill-health will be addressed under the appropriate policies.
- 3.5 Every attempt will be made to ensure that any employee targets and timescales set are a reasonable expectation and are agreed between line manager and employee. Where this agreement cannot be reached, it may be necessary for management to set the target that the employee is reasonably required to achieve within the timescale.

- 3.6 In exceptional circumstances, where there are concerns that an employee's performance represents a significant danger to themselves, colleagues, service users or the financial/physical resources of the CCG, temporary redeployment (where available) or suspension on full pay may be considered, pending a referral to occupational health and/or a managing work performance meeting.

Advice must be sought from a workforce representative where temporary redeployment or suspension is a possibility. The reason for temporary redeployment or suspension will be confirmed in writing to the employee. Such a transfer/suspension is precautionary, does not constitute a sanction and will not prejudice the outcome of any potential meeting or hearing held in line with this policy.

- 3.7 If the employee is a trade union representative, notification should be made to a senior trade union representative or full time official as early as possible once it is acknowledged that the formal stages of the procedure are to be implemented. This notification should only occur however with the agreement of the trade union representative whose performance is in question.
- 3.8 Employees are entitled to be accompanied at all formal meetings by an accredited representative of a recognised trade union or North Lincolnshire CCG work colleague not acting in a legal capacity. Hereafter this person will be referred to as their 'companion'.

If a formal hearing is to take place the employee must inform the chair of the panel of their chosen companion, at least 2 working days in advance of the hearing.

The employee may not insist on being accompanied by a companion whose presence would prejudice the meeting or who might have a conflict of interest. It would also be unreasonable for an employee to ask to be accompanied by a colleague from a remote location when someone suitably qualified was available on site.

During the informal stage of the Managing Work Performance policy employees do not have the statutory right to be accompanied by a Trade Union representative or workplace colleague. However the employee may wish to contact a workplace colleague or trade union representative for advice and support.

If the employee, or their chosen companion is not available to attend on the date proposed for a meeting, the CCG will endeavour to offer an alternative reasonable date within 10 working days of the original date wherever possible.

- 3.9 Employees are required to attend all meetings relating to this process. If they, or their companion, are unable to attend the arranged meeting, they must give notice and reasons why they are unable to attend. The meeting will then be rescheduled to a mutually convenient time, within 10 working days of the original date wherever possible. However, where an employee fails to attend such meetings without reasonable grounds, then the meeting may be held in their absence. The employee will be informed of this in writing.
- 3.10 If at any stage in the procedure after a performance review meeting an employee fails to maintain the required standard of work performance within 12 months of that meeting the manager withholds the right to return to the relevant stage of the procedure.
- 3.11 The employee will have the right of appeal against any warning or sanction issued in the formal stages of the procedure. Please refer to PART 2 - Appeals.
- 3.12 At all stages of the procedure employees should be reminded of the availability of counselling support.
- 3.13 Managers are responsible for adhering to this policy and applying it in a fair and consistent

approach. Managers must seek workforce advice during the formal stages and are encouraged to discuss the application of the informal stages with workforce too.

- 3.14 Employees are responsible for ensuring they are familiar with this policy and co-operating with its application.
- 3.15 The CSU workforce team are responsible for providing advice in relation to this policy and encouraging fair and consistent application of it.
- 3.16 Any complaints arising from the application of this procedure should be addressed in line with the CCGs Grievance procedure.

4. SCHEME OF DELEGATION

Formal procedure	Line manager or equivalent level manager from elsewhere within the organisation.

5. EQUALITY STATEMENT

In applying this policy, the CCG will have due regard for the need to eliminate unlawful discrimination, promote equality of opportunity, and provide for good relations between people of diverse groups, in particular on the grounds of the following characteristics protected by the Equality Act (2010); age, disability, gender, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, and sexual orientation, in addition to offending background, trade union membership, or any other personal characteristic.

An Equality Impact Assessment for this policy can be found in Appendix 21

6. BRIBERY

The CCG follows good NHS business practice as outlined in the Business Conduct Policy and has robust controls in place to prevent bribery. Due consideration has been given to the Bribery Act 2010 in the development (or review, as appropriate) of this policy document and no specific risks were identified.

7. MONITORING AND REVIEW

- 7.1 The policy and procedure will be reviewed periodically by the Workforce team in conjunction with operational managers and Trade Union representatives. Where review is necessary due to legislative change, this will happen immediately.
- 7.2 The implementation of this policy will be audited and reported to the CCG Governing Body.

PART 2 PROCEDURE

1. INFORMAL PROCEDURE (Stage 1)

- 1.1 In cases where there is an identified concern surrounding performance an individual's line manager should invite the employee to an informal meeting. The arrangements for the meeting should be confirmed in writing at least 3 working days prior to the meeting (see appendix 1). During the meeting the following should be discussed;
- The individual should be made aware of the concerns and should be provided with specific details.
 - The required standard of work should be clearly identified.
 - The individual must be given an opportunity to respond to the manager's concerns.
 - The individual should have an opportunity to discuss any factors, which may be impacting at work. Such factors may include but are not limited to, health concerns, relationships with colleagues or difficulties at home
 - The individual should be given an opportunity to discuss any training or support that is required to improve performance to reach the required standards. Such support mechanisms could include, but is not limited to, training, coaching/ mentoring, work observations, work shadowing, internal visits,
 - A timescale for demonstrating an improvement should be discussed, hereafter known as an 'Improvement Period', this must be reasonable in relation to the nature of the post and the level of improvement required. Usually this should be between 2 weeks and 3 months.
- 1.2 The outcome of any informal discussions should be confirmed in writing (see appendix 2) to the employee together with a record of any action and/or agreed training requirements including timescales for the expected improvement to be achieved. The template Performance Improvement Action Plan (appendix 3) may be used for this purpose.
- 1.3 During the Improvement Period, regular meetings should be held between the individual and the line manager to review the performance of the individual and the support/ training being provided. Feedback should be provided to the individual and these meetings should be documented. Appendix 4 may be used for this purpose.
- 1.4 At the end of the Improvement Period a review meeting should be held between the individual and the line manager. A written invite should be sent to the individual at least 3 working days prior to the meeting to confirm the details (appendix 5). The purpose of the review meeting is to review the individual's progress and determine what further action is required. The possible options are;
- I. If the individual's work performance has improved to a standard that is satisfactory then they will be advised of this and the manager and individual should discuss what training/support is required to ensure the standard of performance is sustained. It should be noted though that if, within 12 months of the review meeting' the required level of performance is not sustained then the procedure may be entered directly at the formal stage. It will not be automatic that the formal stage will be used if standards are not maintained; consideration should be given to whether informal or

formal action is an appropriate mechanism for dealing with further concerns.

- II. If the individual's work performance has improved but is not yet at a satisfactory standard but it is reasonable to expect that they will quickly reach the required level of performance then a further informal Improvement Period may be arranged. If this is the outcome then the Performance Improvement Action Plan should be updated to reflect any revised plans.
- III. If the individual's work performance has not improved at all or has not improved enough for it to be reasonably expected that they will reach the required level of performance quickly, the concerns can be escalated to the formal stages of the policy. Should this be the outcome of the meeting then there should be further discussion to agree the format of the first stage 2 meeting and agree appropriate parties to be involved at stage 2 (see 2.1.1).

1.5 The outcome of the review meeting should be confirmed in writing, see appendix 6.

2. FORMAL PROCEDURE

2.1 Stage 2

2.1.1 A formal Stage 2 meeting should be held to consider the individual's performance and the process followed so far. The individual has the right to be accompanied by a companion at this meeting. It is usually expected that the manager who led the stage 1 review will chair the meeting supported by a Workforce Representative, however at the request of the employee or the manager the meeting may take the format of a formal hearing. If the meeting is held as a formal hearing an additional manager who has not previously been involved will chair the meeting and they will be supported by an additional Workforce Representative. This should normally have been agreed at the stage 1 review meeting. (If a hearing is held the general principles in appendix 16 should be adhered to). The arrangements for the meeting should be confirmed in writing at least 5 working days prior to the meeting (see appendix 7). During the meeting the following should be discussed;

- The individual should be made aware of the continued concerns and should be provided with specific details.
- The required standard of work should be clearly identified.
- The individual must be given an opportunity to respond to the manager's concerns.
- The individual should have an opportunity to discuss any factors, which may be impacting at work. Such factors may include but are not limited to, health concerns, relationships with colleagues or difficulties at home.
- Any training and support identified at the first informal meeting should be reviewed.
- After these initial discussions the chair of the meeting must determine the outcome of the meeting; The following options are available;
 - i. Should new information have become available that makes it evident there are no outstanding concerns about the employees performance, or the previous concerns are no longer present the chair should decide that no further formal action is required. There may be further discussion to determine what informal mechanisms should be in place to ensure the required standard of performance is sustained.
 - ii. Should it be determined that there are still outstanding concerns but that these would be best managed informally then the process will revert to stage 1 and a further informal Improvement Period should be held (as in 1.4 ii).
 - iii. Should it be determined that the concerns remain serious, the concerns are having significant implications, or that insufficient progress towards satisfactory performance is being made then the chair should issue a First Written Warning to the Individual to state that an improvement in their performance is required. The warning will remain live on their file for 12 months from the date and time of issue. After that period it will cease to be

live but it will remain on the individual's record.

- Where a First Written Warning has been issued the individual must be advised of their right to appeal against the warning as per section 3 of this procedure.
- The individual should be given an opportunity to discuss any further training or support that is required to improve performance to reach the required standards. Such support mechanisms could include, but is not limited to, training, coaching/mentoring, work observations, work shadowing, internal visits.
- A timescale for a further Improvement Period must be determined.

2.1.2 The outcome of the formal stage 2 meeting should be confirmed in writing (see appendix 8) to the employee together with a record of any action and/or agreed training requirements including timescales for the expected improvement to be achieved. The Performance Improvement Action Plan may be updated to reflect the discussions during the meeting. Where a formal warning has been issued the letter must detail the individual's right of appeal and the mechanism for placing an appeal.

2.1.3 During the Improvement Period, regular meetings should be held between the individual and the line manager to review the performance of the individual and the support/ training being provided. These meetings will be regarded as informal. Feedback should be provided to the individual and these meetings should be documented. Appendix 4 may be used for this purpose.

2.1.4 At the end of the Improvement Period a Stage 2 review meeting should be held between the individual and the manager. A written invite should be sent to the individual at least 3 working days prior to the meeting to confirm the details (appendix 9). The purpose of the review meeting is to review the individual's progress and determine what further action is required. The possible options are;

- I. If the individual's work performance has improved to a standard that is satisfactory then they will be advised of this and the manager and individual should discuss what training/support is required to ensure the standard of performance is sustained. It should be noted though that if, during the period the First Written Warning is live, the required level of performance is not sustained then the procedure may be re-entered directly at stage 3.
- II. If the individual's work performance has improved but is not yet at a satisfactory standard but it is reasonable to expect that they will quickly reach the required level of performance then a further stage 2 Improvement Period may be arranged. If this is the outcome then the Performance Improvement Action Plan should be updated to reflect any revised plans.
- III. If the individual's work performance has not improved at all or has not improved enough for it to be reasonably expected that they will reach the required level of performance quickly, the concerns can be escalated to stage 3. Should this be the outcome of the meeting then there should be further discussion to agree the format of the first stage 3 meeting and agree appropriate parties to be involved at stage 3 (see 2.2.1).

2.1.5 The outcome of the stage 2 review meeting should be confirmed in writing, see appendix 10.

2.2 Stage 3

2.2.1 A formal Stage 3 meeting should be held to consider the individual's performance and the process followed so far. The individual has the right to be accompanied by a companion at this meeting. It is usually expected that the manager who led the stage 2 review will chair the meeting supported by a Workforce Representative, however at the request of the employee or the manager the meeting may take the format of a formal hearing. If the meeting is held as a formal hearing an additional manager who has not previously been involved will chair the meeting and they will be supported by an additional Workforce Representative. This should normally have been agreed at the stage 2 review meeting. (If a hearing is held please

ensure the general principles in appendix 16 are followed). The arrangements for the meeting should be confirmed in writing at least 5 working days prior to the meeting (see appendix 11). During the meeting the following should be discussed;

- The individual should be made aware of the continued concerns and should be provided with specific details.
- The required standard of work should be clearly identified.
- The individual must be given an opportunity to respond to the manager's concerns.
- The individual should have an opportunity to discuss any factors, which may be impacting at work. Such factors may include but are not limited to, health concerns, relationships with colleagues or difficulties at home.
- Any training and support identified at the stage 2 meeting should be reviewed.
- After these initial discussions the chair of the meeting must determine the outcome of the meeting; The following options are available;
 - i. Should new information have become available that makes it evident there are no outstanding concerns about the employees performance, or the previous concerns are no longer present the chair should decide that no further formal action is required. There may be further discussion to determine what informal mechanisms should be in place to ensure the required standard of performance is sustained.
 - ii. Should it be determined that there are still outstanding concerns but that these would be best managed at stage 2 then the process will revert to stage 2 and a further Stage 2 Improvement Period should be held (as in 2.1.4 ii).
 - iii. Should it be determined that the concerns remain serious, the concerns are having significant implications, or that insufficient progress towards satisfactory performance is being made then the chair should issue a Final Written Warning to the Individual to state that an improvement in their performance is required, otherwise they may be dismissed from their employment on the grounds of capability. The warning will remain live on their file for 18 months from the date and time of issue. After that period it will cease to be live but it will remain on the individual's record.
- Where a Final Written Warning has been issued the individual must be advised of their right to appeal against the warning, in line with section 3 of the procedure.
- The individual should be given an opportunity to discuss any further training or support that is required to improve performance to reach the required standards. Such support mechanisms could include, but is not limited to, training, coaching/mentoring, work observations, work shadowing, internal visits.
- A timescale for a further Improvement Period must be determined.

2.2.2 The outcome of the formal stage 3 meeting should be confirmed in writing (see appendix 12) to the employee together with a record of any action and/or agreed training requirements including timescales for the expected improvement to be achieved. The Performance Improvement Action Plan may be updated to reflect the discussions during the meeting. Where a formal warning has been issued the letter must detail the individual's right of appeal and the mechanism for placing an appeal.

2.2.3 During the Improvement Period, regular meetings should be held between the individual and the line manager to review the performance of the individual and the support/ training being provided. These meetings will be regarded as informal. Feedback should be provided to the individual and these meetings should be documented. Appendix 4 may be used for this purpose.

2.2.4 At the end of the Improvement Period a Stage 3 review meeting should be held between the individual and the manager. A written invite should be sent to the individual at least 3 working days prior to the meeting to confirm the details (appendix 9). The purpose of the review meeting is to review the individual's progress and determine what further action is

required. The possible options are;

- I. If the individual's work performance has improved to a standard that is satisfactory then they will be advised of this and the manager and individual should discuss what training/support is required to ensure the standard of performance is sustained. It should be noted though that if, during the period the Final Written Warning is live, the required level of performance is not sustained then the procedure may be re-entered directly at stage 4.
- II. If the individual's work performance has improved but is not yet at a satisfactory standard but it is reasonable to expect that they will quickly reach the required level of performance then a further stage 3 Improvement Period may be arranged. If this is the outcome then the Performance Improvement Action Plan should be updated to reflect any revised plans.
- III. If the individual's work performance has not improved at all or has not improved enough for it to be reasonably expected that they will reach the required level of performance quickly, the concerns can be escalated to stage 4.

2.2.5 The outcome of the stage 2 review meeting should be confirmed in writing, see appendix 6.

2.3 Stage 4

2.3.1 If the previous stages of the procedures (stages 1-3) have been exhausted and concerns remain and in situations when concerns regarding an individual's performance are exceptionally severe a formal hearing panel will be convened in accordance with the scheme of delegation set out in part 1, section 4 of the policy. The panel chair will comprise of individuals who have not previously been involved in the case. The workforce representative's role will be to provide advice on workforce policies, employment legislation and consistent application of the Managing Work Performance policy.

2.3.2 The individual has the right to be accompanied by a companion at this hearing. The arrangements for the hearing should be confirmed in writing at least 10 working days prior to the meeting (see appendix 13). During the meeting the following should be discussed;

- The continued concerns and should be provided with specific details.
- The required standard of work should be clearly identified.
- The individual's response to the concerns.
- The individual should have an opportunity to discuss any factors, which may be impacting at work. Such factors may include but are not limited to, health concerns, relationships with colleagues or difficulties at home.
- Any training and support identified should be reviewed.

2.3.3 After these initial discussions the chair of the meeting will call an adjournment to determine the outcome of the meeting; The following options are available;

- i. Should new information have become available that makes it evident there are no outstanding concerns about the employees performance, or the previous concerns are no longer present the chair should decide that no further formal action is required. There may be further discussion to determine what informal mechanisms should be in place to ensure the required standard of performance is sustained.
- ii. Should it be determined that there are still outstanding concerns but that it is foreseeable that they will be resolved in a reasonable timeframe then a further stage 3 Improvement period may be held (as in 3.4 ii). It may be appropriate to reissue or extend the Final Written Warning. In addition to this it may be determined appropriate to delay an individual's incremental progression.
- iii. Should it be determined that the concerns remain serious, the concerns are having significant implications, or that insufficient progress towards satisfactory performance is being made then the chair may dismiss the

individual from their employment with the CCG. It may be appropriate to consider demoting the individual to another post within the organisation as an alternative to dismissal where a suitable post is immediately available. Should the individual decline the offer of an alternative post the dismissal will stand.

- Where a Final Written Warning has been issued again or extended, or where an individual has been dismissed the individual must be advised of their right to appeal against the sanction.

2.3.4 The outcome of the formal stage 4 hearing should be confirmed in writing (see appendix 14) to the individual where a formal sanction has been issued the letter must detail the individual's right of appeal and the mechanism for placing an appeal.

The hearing panel procedure (appendix 14) must be followed.

3. APPEALS

3.1 An employee who has been dismissed or who has received a warning at any stage of the procedure has the right of appeal. An employee may choose to appeal if:

- they think a finding or sanction is unfair;
- they think the Managing Work Performance procedure was not used correctly (including a dispute against the evidence relied upon in the hearing).

3.2 Appeals must be made in writing within 10 working days of the receipt of the written notice of warning/sanction or dismissal to The Chief Officer with a copy to the CSU workforce team. The letter must include details of their grounds for appeal.

3.3 Appeals will be heard as soon as possible upon receipt of the letter requesting the appeal.

3.4 The employee will be invite to an appeal hearing in writing (see appendix 16) and must be given at least 10 working days notice of the date of the appeal hearing.

3.5 The appeal hearing procedure (appendix 17) must be followed.

3.6 The constitution of the appeal panel will be in line with the scheme of delegation in section 4 of the policy.

3.7 The employee will have the right to be accompanied at the appeal hearing by a companion.

3.8 Both parties must provide to the appeal hearing panel and the other party, a full written statement of case including the grounds upon which the appeal is presented/resisted, with copies of any documents the party concerned intends to use in evidence at least 5 working days prior to the appeal hearing.

3.9 The decision of the panel will be communicated to both parties verbally, following the adjournment wherever possible, and will be confirmed in writing, no later than 5 working days after the appeal hearing (see appendix 18).

3.10 The decision of the appeal panel is final

Managing work performance informal procedure - confirmation of performance review meeting

Thank you for attending an informal review meeting in line with the Managing Work Performance policy on (DATE). The purpose of the meeting was to review your performance against the (*informal action plan/ objectives*) set at our meeting on (DATE) and to consider appropriate next steps.

At the meeting we discussed (*list key points of the feedback; where any improvements are made these should also be included*)

- Overall, I am satisfied that you have fully met the objectives set out and that your work performance has improved to the required standard. As such no further action will be taken under the Managing Work Performance policy at this stage. However, you are expected to maintain this standard of performance and I must advise you that if work performance issues are identified in the next 12 months, I may decide to escalate to the formal procedure under the Managing Work Performance policy.
- Overall, I identified some improvements against the objectives set out but recognise that there is still improvement to be made namely (DETAIL). As such we decided there should be a further improvement period of (*one/two/three*) weeks/months, by which time it is expected that you will have met the objectives set out in the (*reviewed*) action plan agreed on DATE. I must advise you that failure to meet the required performance standards by this review date may result in escalation to the formal procedure under the Managing Work Performance policy. An updated action plan is enclosed.
- Overall, I identified that you have not made sufficient improvement against the objectives set out and will now escalate this process to the stage 2 of the Managing Work Performance policy. I will write to you again in due course to invite you to a formal meeting in line with the policy. Although it will be a formal meeting with a workforce representative present we agreed that a full hearing would not be required. OR We agreed that this meeting should take the format of a formal hearing. (delete as appropriate)

As we are now entering the formal procedure I would like to remind you of your right to be accompanied by a trade union representative or North Lincolnshire CCG work colleague at formal meetings held in line with this procedure. In the meantime you may wish to consult your union for support and advice.

I asked you again whether you felt any support, training or development would assist you in this post and you stated that (DETAIL). I *agreed/ suggested* that it would be beneficial for you to (DETAIL ABOUT SUPPORT).

In the meantime, should you have any queries or concerns that you wish to raise please do not hesitate to contact me on (TELEPHONE NO).

Stage 4 Hearing Panel Procedure Agenda

The Panel Chair will open the hearing by introducing those present and outlining the reasons for the hearing taking place and the format of the hearing.

All documentation that either the individual or the line manager wishes to be considered must be submitted to the panel and other party 5 working days ahead of the hearing.

General Principles

During the course of the hearing exploration of any differences in facts, as they appear to the manager and employee should be carried out in a constructive manner in order to gain an understanding of the facts which are, as far as possible, acceptable to both manager and employee.

Should a new matter arise during the course of the hearing then the panel should adjourn in order that consideration may be given to the appropriateness of the introduction of this new matter. To avoid unnecessary duplication of the process as well as ensuring fairness, it may be more beneficial to adjourn the hearing in order that further investigations may be carried out in relation to the new matter. In order that both the employee and the manager have an opportunity to be listened to there should be no interruptions during case presentations.

1. Chair of the panel will lead introductions, and if the individual is not accompanied, will remind them of their right to be accompanied.
2. Chair will confirm purpose of the meeting.
3. Chair will check all parties have received all appropriate documentation.
4. Chair should explain that: Should either party require an adjournment then this request should be made to the hearing panel, with an indication of the length of time required.
5. Chair will explain order of proceedings (steps 6-12)
6. The line manager will present their case including the key facts to the panel using the documentation already provided to all those present at the panel
7. Employee and/or representative, then the panel, will have the opportunity to ask questions
8. Employee side to present their case
9. Management side, then the panel, will have the opportunity to ask questions
10. Summing up by management side, then by employee and/or their representative.
11. The panel chair will ask employee side and the management side to leave the room whilst consideration is given to the presentations and responses given by both sides, including any mitigating circumstances. The panel will consider if a warning or sanction is appropriate.
12. Upon making a decision the panel chair will ask all parties to return to the room so that the outcome of the hearing panel can be communicated. The panel chair should explain that

consideration has been given to all of the issues raised at the beginning of the hearing, and all of the facts and issues raised during the course of the hearing. The panel chair must then outline what action, if any, will be taken including any sanctions.

13. It is important that where a warning/sanction is given, the employee is informed of the length of time it will remain on their record, their right of appeal, the procedure that will be followed in relation to confirming the action in writing and any arrangements for the submitting on appeal.
14. Chair will close the hearing.
