1. PURPOSE OF THE REPORT:

The Prime Ministers challenge on dementia in March 2012 focussed on three key areas

- Driving improvements in health and care
- Creating dementia friendly communities that understand how to help
- Better research

North Lincolnshire CCG has to date concentrated on driving improvements in health and care through the following

- Leadership to improving dementia services in North Lincolnshire
- Supporting the creation of the North Lincolnshire Dementia Action Alliance
- Utilising Experience Led Commissioning to set our strategy for dementia and action plan to take forward implementation
- Supporting the creation of the Dementia Directory and website
- Commissioning in partnership with North Lincolnshire Council the Alzheimer's Society to deliver memory cafes in a number of locations across North Lincolnshire
- Increasing Diagnosis rates

Through the North Lincolnshire Adults Partnership the CCG, along with other partner organisations, have supported the development of a Dementia Action Alliance Declaration Action Plan to identify actions for us to

take forward together in relation to dementia. These are

- To increase the knowledge of dementia across the workforce
- To make North Lincolnshire a dementia friendly place by ensuring all public access buildings are dementia friendly
- To develop our HR policies and procedures to include dementia friendly approaches for staff who have developed dementia themselves or for staff who have caring responsibilities
- To promote dementia friendly organisations to others and communicate dementia awareness information

The CCG are asked to support the action plan and take forward corporate actions to:

- Support CCG staff in undertaking dementia friends training to raise awareness
- Review HR policies and procedures to include dementia friendly approaches
