Terms of Reference

1. Members have previously been notified that commencing on Thursday 20 October future Joint Commissioning Committee (JCC) meetings will be held at 16:15 on the third Thursday of even months. This decision was taken in view of the difficulties that have been experienced over the past 18 months in attempting to hold JCC meetings prior to scheduled CCG governing body workshop sessions.
2. This revised timing will enable JCC meetings to be less rushed and will therefore hopefully enhance the quality of deliberation and decision making. However one consequence will be that the secondary care doctor on the CCG governing body will be unable to attend. Membership of the secondary care doctor is not mandatory but was originally considered desirable to ensure a good balance of executive, GP and non-executive members. With the recent appointment of a third lay member to join the committee this balance will be maintained without the need to involve the secondary care doctor. It is therefore proposed that the revised terms of reference as set out in Appendix 1 be adopted.
3. Recommendation
That the terms of reference of the Joint Commissioning Committee be amended to remove the secondary care doctor on the CCG governing body from the list of voting members.

Terms of Reference for Joint Commissioning Committee

Introduction

1. The NHS England and North Lincolnshire CCG (NLCCG) joint commissioning committee is a joint committee with the primary purpose of jointly commissioning primary medical services for the people of North Lincolnshire.

Statutory Framework

2. The National Health Service Act 2006 (as amended) (“**NHS Act**”) provides, at section 13Z, that NHS England’s functions may be exercised jointly with a CCG, and that functions exercised jointly in accordance with that section may be exercised by a joint committee of NHS England and the CCG. Section 13Z of the NHS Act further provides that arrangements made under that section may be on such terms and conditions as may be agreed between NHS England and the CCG.
3. Section 14Z9 of the NHS Act 2006 (as amended) provides the statutory provisions used to jointly exercise CCG functions, and which may be delegated by the CCG to the joint committee. The draft delegation is set out as Schedule 1 to this document.
4. Section 14Z9 of the NHS Act was amended by Legislative Reform Order (2014/2436) (“LRO”) to enable the joint exercise by NHS England and a CCG of any of the CCGs commissioning functions and any other functions of the CCG which are related to the exercise of those functions. Where such arrangements are made, the LRO enabled them to be exercised by a joint committee established between the parties.

Role of the Joint Committee
